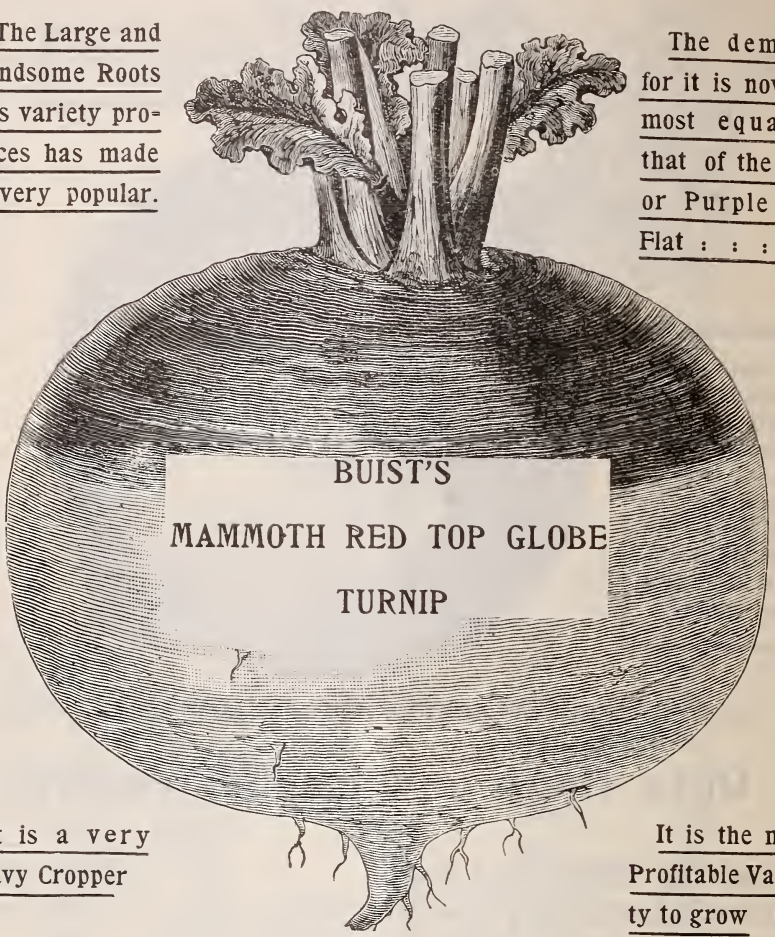
It is a well-known fact that Buist's growth of Cabbage Seed gives greater satisfaction, and heads with greater certainty in the South than any other. The reason of this is, that we grow all our seed from selected heads, giving their selection and cultivation personal attention.

There is no variety of vegetable in which there is so much deception, and so much spurious seed sold as Cabbage. To select choice heads for seed which are formed the first year, and then run the chance of their wintering without damage, and continue to cultivate for another season before the seed is ready for harvesting, is a very expensive operation, and no choice seed can be produced in any other way. The cheap seed offered in the trade is of no value to the gardener, as it will never head. One might as well burn his money as to invest in it.

The Large and Handsome Roots this variety produces has made it very popular.

The demand for it is now almost equal to that of the Red or Purple Top Flat : : : : :



It is a very Heavy Cropper

It is the most Profitable Variety to grow

BUSH, or SNAP-SHORT BEANS. (Crop of 1899.)

The following are the only varieties of Dwarf Snap-Shot Beans that we can supply until this year's crop is ready, which will be early in November. Those of our customers who require them for early Fall planting should order at once as we have but a very limited quantity left.

BUIST'S GARDEN SEEDS

Grown by us from Selected. Seed Stocks.

Are celebrated for their Purity, Fine Quality, Strong Growth.

We sell 10 pounds or over at 100 pound quotation.

Your Garden Seed Trade can be very much increased by handling Buist's Prize Medal Seeds; they are not only the most Popular but the most Salable. No profit is ever made by the merchant in selling cheap seeds, as he quickly loses both trade and reputation—they are either old stocks or those of an inferior quality. The market is overflowing with old bankrupt stocks, some of which are as old as our grandfather's clock ; they are good enough to burn, but not to sow.

The following quotations on Beans are for this year's growth, which will be ready for shipment during November, and are subject to condition of crop; if favorable crop, full delivery, or if short we deliver an average proportion, or we will guarantee full delivery at an advance of only 25 cents per bushel

PEAS.

The Buist Morning Star Peas, which we introduced a few years since, is the earliest and most productive variety known, and is regarded by Market Gardners as their best and most profitable shipping variety. For protection to ourselves and to insure the purchaser true stock, we sell them only in our Sealed Packages and Lead Sealed Sacks, each Seal is stamped Buist. The latter are of green muslin and contain ⅛, ¼, ½, or one bushel each. Its great popularity has caused almost every dealer to catalogue them and a cheap grade of Extra Earlies is substituted. Observe unless they are put up in green sacks and sealed with our name they are spurious.

EGG PLANT.

Most of the Egg Plant Seed sold by the trade is of Southern growth, which, owing to poor seed stock, produces imperfect fruit, both in form and color. The seed which we offer is of our own growth (we annually grow 25 acres), and there is no finer stock known than the Buist's Improved, which is the best market variety.

☞It is to the interest of all merchants who sell seeds to keep Buist's Growth, as no seeds are ever put up in packets but the new crop of each season, those left over from the previous year are cut out whether they grow or not. The result is our seeds will grow equally as well the second year as the first, and many will grow equally as well the third year; such as Beet, Cabbage. Collards, Celery, Cucumber, Kale, Lettuce, Mustard. Parsley, Radish Pumpkin, Squash, Tomato and Turnip, hat is, of course, provided they have been properly kept from heat and dampness.

In the Southern States there are more of them sold than all other brands combined. They are of new crop each season and grown by us from selected seed stocks. There could be nothing finer produced than what we sent out.

BUIST'S CELEBRATED CABBAGE SEED,

Awarded 22 First Premiums in a Single Season,

THE FINEST AND MOST RELIABLE STOCK KNOWN.

We have made the cultivation and improvement of Cabbage a specialty for a number of years, by selecting each year the largest and most perfectly formed heads for our own seed stock. This repeated selection extending over a period of more than twenty-five successive years, has produced what is considered by experienced cabbage-growers as the finest strain of late Cabbage in the world. In order to distinguish it from our other brands, it is marked "Buist's Improved," and is beautifully put up in illustrated papers, also in ¼, ½ and 1 lb. packages.

The great popularity of this brand has caused some houses to put up and sell the *ordinary stock of Cabbage under the name of the Improved*, which, of course, is an entirely different and cheaper grade of seed, and the same stock as we offer under the name of Premium.
